A Word of Inspiration from the President....

The year 2020 has been a tremendous eventful year in the history of world in general and India in particular. Higher education in India has faced and overcome many challenges that has served to strengthen its core vision to provide quality and world class education to its enterprising graduates from all sections of our diverse society, irrespective of their socio-regional and economic backgrounds. In 2020, a unique synergy of education and Science and technology was seen. In the light of the global pandemic and the emergence of a 'new normal' across all sectors of the economy, Higher education in India also saw a transition from the traditional classrooms to the virtual classroom.

While Digital technology has been a part of the corporate world the influx of digital technology in the form of online lectures and examination systems, have, to say the least overwhelmed the teacher-student community at large, which ranged from the familiarity with the recent technologies in education and assuaging the concerns of the students from different parts of the country, who faced issues of accessibility to the digital world. The hybrid model of education- with a mixed blend of offline and online teaching-learning systems has become the 'new' normal. It is however heartening that the higher education ecosystem across India made a rapid yet smooth transition to this new education system.

CHARUSAT has also been in the forefront of this transition. While the system of education, in terms of its deliverance made a sudden transition, the University has stood steadfast to blend education with social responsibility and the zeal to use education as a weapon to transform the world from a grassroots level. Through the initiatives undertaken by the University, it has enunciated that a 'virtual' distance does not dilute the core philosophy of education which is to contribute in the social and moral upliftment of the students of this age.

With the same objective, **Charotar University of Science and Technology (CHARUSAT)** has been established to place India on Global Education Map. It has been established as an Educational Hub through creation, augmentation and dissemination of knowledge. Since inception, CHARUSAT has been redefining and redesigning higher and professional education.

CHARUSAT strives to convert information into **knowledge and wisdom** which allows citizens to live a harmonious and meaningful life in accordance with all existence. Further, with the changing era and looking to the new challenges arising from pandemics like Covid '19, the role of teachers has also undergone a transformation. Teachers need to dedicate their efforts to construct and facilitate opportunities (using appropriate technological tools and platforms), where the students can practice and experience creativity in their professional and personal lives. **Moving a step ahead towards the purpose of education, CHARUSAT aims to make its students Job Creators and not Job Seekers.**

Further, **CHARUSAT strongly believes in the ideals of Sardar Vallabhbhai Patel** - The Iron Man of India. He believed, "Education without character is futile". In order to inculcate right values in the students, CHARUSAT has been established as a University fostering High Moral and Ethical Values. **Honesty, Integrity, and Transparency** have been the benchmarks of CHARUSAT in both word and action. Hence, it works in synchronization with all of its stakeholders.

CHARUSAT has also dedicated all its efforts in giving back to the society and has been striving hard to create the future leaders. As an humble effort of giving back to the society, **Charusat Rural Education Development Program** has been working to ameliorate the standards of education in rural areas, emphasizing on strengthening of school infrastructure facilities through guidance in lab development, library and other knowledge resource development and deployment of technology and other tools in pedagogy. Students and Teachers of CHARUSAT have all been contributing in this noble gesture. Teaching and Research share a symbiotic relationship, wherin one nourishes and complements the other. **Research for a Social Cause or a Research with Social Relevance** has thus been the prime concern at CHARUSAT. A Research and Development Centre has been established on the Campus to foster multidisciplinary research. Further, to initiate and foster research in Space Technology, **Charusat Space Research and Technology Center (CSRTC)** has also been established which works in close collaboration with ISRO. Venturing into Astrophysics and Cosmology, **International Centre for Cosmology** has been established.

CHARUSAT also fosters a niche for world class education at the rural base. With an aspiration of being a **World Class University**, at present it strives to be in the league of **Top 20 Universities at National Level**. I extend an invitation and request you all to join the march and facilitate CHARUSAT to achieve these goals.

I also want to convey my heartfelt gratitude to all who have volunteered and contributed in the development and expansion at CHARUSAT Campus – be the contribution in the form of knowledge, skills and resource sharing. Particularly, I would like to thank the Members of **Governing Body, Board of Management** and other Committees for their invaluable guidance. I also thank all the donors, executives of Matrusantha, Kelavani Mandal, and CHARUSAT, Experts, Principals, Teachers and Students for their contribution.

The **12th Annual Report** depicts major of the activities and achievements of the year 2020-21. I feel contented to see the progress of the institutes, activities and achievements of the Faculty Members and Students, and unique initiatives of community service, research and collaborations. I hope you will all find it informative and inspiring.

- Surendra Patel

From the Desk of the Provost

We live in the world of **sustainable development** which is the synthesis of the creation of more and equal academic and occupational opportunities, creative and ethical leadership, and consistent enhancement in lifestyle of common people by improvisation of the common means of daily life which brings greater compatibility for coexistence between human beings. This necessitates something more than merely knowledge and skills.

Knowledge and Skills are fundamentally pivotal to shape economic growth and ensure social transformation and empowerment of people by **inculcating human values through the process of education** and that is the need of the hour as well. This applies to all the disciplines of knowledge, be it in the area of education, research or innovation. Now here, the role of technology becomes lucid and clearer, especially in terms of teaching – learning process in higher education, particularly, in the resultant academic scenario of pandemic like Covid '19.

The **History of Ancient Education System** in India unfurls a wide, eclectic and opulent legacy that includes prominent centers of knowledge such as **Takshashila and Nalanda**. The pace of growth of higher education institutions was very slow during the period from 1857 until India got independence in 1947. However, post-independence, the institutes of higher learning and universities have flourished in India making the **Indian Higher Education System one of the largest ones in the world**.

Looking globally, three Indian institutes have made it to the top 200 of the latest **Quacquarelli Symonds (QS) World University Rankings** released in June 2020. The three institutes are IIT - Bombay, IISc - Bangalore, and IIT - Delhi. However, not a single Institute got a position in Top 100 Universities in the Ranking, it is believed that Indian higher education performs 'most strongly' in research quality. One such academic organization rapidly striding towards becoming a **World Class University (WCU)** through thrust on **Socially Relevant Research** is **Charotar University of Science and Technology (CHARUSAT)**.

CHARUSAT has been established by promulgation of Gujarat Private University Act, 2009. It is empowered to confer degrees under Section 22 of UGC Act, 1956. Presently, there are, on CHARUSAT Campus, 6 faculties, 9 institutes offering more than 51 programmes leading to UG, PG and Ph. D in the field of Engineering and Technology, Pharmacy, Computer Applications, Management, Applied Sciences, Nursing, Physiotherapy and Paramedical Sciences. All education programmes are semester based. Learning is based on **Credit System** and evaluation is based on **Grading System**.

Looking to the academic excellence and its conspicuous social impact, CHARUSAT has been awarded with **A Grade** by **National Assessment and Accreditation Council (NAAC), Bangalore**. Quite uniquely, CHARUSAT is the **First State Private University** in Gujarat to obtain **A Grade** in the very first cycle of Assessment by NAAC. CHARUSAT has been ranked among the **top three private universities of Gujarat by National Institute of Ranking Framework (NIRF), Government of India**. At national level, CHARUSAT ranks among **top 101 - 150 Universities**. CHARUSAT has also been one of **Top 3 Private Universities** with 4 Stars in the Gujarat State Institutional Ranking Framework (GSIRF) 2020.

In this endeavour to improve the research quality in the teacher- student fraternity In the last five years, at CHARUSAT, 174 Research Scholars have been awarded with Ph. D. degrees, 201 are pursuing their doctoral research along with 8 registered for Post-Doctoral research under 178 supervisors. CHARUSAT has 3 researchers appearing in top 2% most-quoted scientists of the world.

The NEP 2020 policies curated by the Government of India to promote a holistic educational framework at higher educational institutions focuses primarily on the use and integration of technology within the educational curricula as well to the promotion of research within the system. In the light of this vision, CHARUSAT houses 240 Labs for Research, Consultancy and Testing and has collaborated with 70 reputed organizations, institutes and universities through MoUs.

During the last five years, seed money grant was given to 73 teachers for Innovative projects worth INR 130 Lacs. **CHARUSAT Startup and Innovation Center** has supported 90 start-ups and more than 1780 students benefitted through various initiatives. 30 projects worth INR 7.27 Crore have successfully been executed at CHARUSAT in addition to 82 industrial consultancy projects of INR 1.8 Crores. 460 research-oriented events were organized.

Further, around 300 Research students from institutes like IIT, BITS etc. undergone specialized courses at ICC. Policy for Patent filing and Royalty sharing has led to the Publication of 12 patents and 2 royalty agreements. Paper publications in SCOPUS indexed journal stands at 901, Web of Science at 463 and UGC-Listed at 195. 299 Book Chapters, 56 Books, and 299 research papers are published in conference proceedings.

Thus, there are 1352 publications during the period of 2016 to 2020. Moreover, in consonance with the NEP and the University's goal to soar high in World Rankings such as QS, each faculty member is also encouraged to undertake research in the area of interest and is also acknowledged during Annual Day and Foundation Day Celebrations.

The University Campus is spread over 120 acres of lush-green land with modern teaching and learning facilities. The entire campus is Wi-Fi enabled and has 950 mbps round the clock internet connectivity. There are more than 2923 PCs, high- end servers, and latest softwares, with more than 241 laboratories. The

Central Library is enriched with more than 95000 books, 340 Print Journals and 16000 E-journals & magazines and educational databases. The present development at CHARUSAT has capital outlay of Rs.1500 million.

Further, currently, CHARUSAT has more than 365 faculties and staff pulsating with vigor and will to conquer the world. The commitment and zeal of the faculty is marked by their continuous engagement in rigorous academic activities, which are not just limited to teaching, research and imparting knowledge and skills to more than 7299 students on roll. It has been envisaged to expand the activities at CHARUSAT beyond teaching and extension through the establishment of Incubation, Innovation and Entrepreneurship Development Centre in the Campus to deal with various activities.

The intellectual capital is the backbone of effective teaching, research, and mentoring. Out of 391 faculty members, 150 have Ph. D. degrees, while 237 have Master degrees. All the faculty are recruited by direct selection based strictly on merit. Ad hoc appointments or contractual appointments are made in lieu of faculty deputations and vacancies. Also, there is a provision to invite a person of eminence as Adjunct Professor. Despite all constraints resulting from the ravages of the pandemic , CHARUSAT did not reduce the salary of any of the employees including the daily wagers. Regular increments were duly released and there was no attrition in the number of employees. All recruitments were carried out even during pandemic. Faculty promotions were also awarded.

Further, it has been the practice at CHARUSAT to release the salaries of employees on the first day of the month. The same continued even during pandemic and lockdowns.

As a Networking University, CHARUSAT has always been willing to work in partnership for mutual benefits with Industries, Research Centres, Academic Institutes and even Universities. CHARUSAT aims to become a dynamic and globally vibrant institute through excellence in innovation and research through two of its thrust areas..

The University has created Post- doctorate fellowships and has 12 Endowment Chairs. Experts of eminence from around the World are invited by Departments and Institutes to share their knowledge and skills. Quite uniquely, Dr. APJ Abdul Kalam Chair has been established. **Mr. Harish Mehta Founder & Executive Chairman of Onward Technologies and First elected Chairman of NASSCOM** graced the **10th Convocation Function** as the chief guest and delivered the tenth convocation address online.

Thrust is also given on Research and Consultancy Projects. CHARUSAT, at present, has on hand and has completed **research projects** from funding agencies like DST/DBT, GUJCOST, UGC, DAE, SERI, CSIR, ABB, DNP Industry, GSBTM, CHARUSAT and many more. It also has Projects of Industry and Consultancy. To promote research and motivate them, University has instituted best research paper award in each faculty.

The second thrust area is focusing on healthcare education and healthcare delivery. Healthcare Education has been initiated in the allied fields of Nursing, Physiotherapy and Paramedical Sciences. Further, to complement healthcare education and to cater to the healthcare needs of all populace of the society, World – Class Multi-specialty **CHARUSAT HOSPITAL** has also been established. Charusat Hospital is planned to be a 450 Bed Hospital at a capital outlay of Rs. 250 Crores. In the first phase, 150 Bed Hospital has been fully functional.

Further, during the year, many National and International Scholars visited CHARUSAT and delivered lectures; similarly CHARUSAT faculties visited places for the similar purposes, too. In context of student support and progression, in addition to organizing various events and activities and facilitating the students for the same, CHARUSAT has introduced different kinds of scholarships of Rs. 4 Crs. CHARUSAT has instituted total 30 Gold Medals, and created indoor and outdoor sports facilities. CHARUSAT also provides special training to the students for GATE, GPAT, GRE, and other Professional Certification Programs in their fields of Study. Thus, CHARUSAT aims at providing Holistic Education to students. It incorporates the principles of spirituality, humanwholeness, interconnectedness, reverence for life and nature, individual uniqueness, caringrelationship, equality, justice and freedom.

Finally, CHARUSAT has set for itself the vision and goal of being amongst the top 50 Universities at the National Level. For the purpose, Vision - Roadmap has been charted out. In the long run, CHARUSAT aspires to have an international identity through appearing in the list of World Class Universities. It will strive to achieve it through a culture that represents the serenity of the places of learning like - Takshashila and Nalanda and the scholarly aptitude of the Centres like Harvard and Stanford.

The Twelfth Annual Report aptly elaborates the events, activities, initiatives, and aspirations along with the development that took place at CHARUSAT during the year 2020-21. I hope you will be happy to read about those developments and activities.

At the time of the publication of the **Twelfth Annual Report**, I would like to acknowledge the contribution of Students, Principals, Faculty and Staff, Executives and Advisors, visiting experts and donors who have accelerated the development. I would like to thank all the students and their parents for keeping faith in CHARUSAT. Further, I also thank the Members of Governing Body and Board of Management for charting out the growth path. I express sincere thanks to all the Members of Academic Council, Research Council, Advisory Boards, Board of Studies and other Committees of CHARUSAT along with the Advisors for their help and guidance. Finally, thanks to all the Deans and Principals of the constituent institutes of CHARUSAT and their staff (teachingand non-teaching) for carrying out different activities, elite academia and industry – who have been sharing their knowledge and expertise and all Visitors and Well-wishers for their motivation.

- Dr. Pankaj Joshi

CHARUSAT at a Glance

Councils, Boards, Committees at CHARUSAT

CHARUSAT at a Glance

Charotar University of Science and Technology (CHARUSAT) has been envisaged to put India on global education map by making **Charotar – the Land of Sardar Patel the Global Education Hub**. CHARUSAT is accord the status of a university under Gujarat State Act No. 8 of 2009. CHARUSAT is also empowered to award degrees by UGC under Section 22 of UGC Act, 1956.

CHARUSAT offers 72+ different **Undergraduate, Postgraduate, and Ph D Programmes** with more than 7500 students enrolled in 9 different Institutes. To foster Innovations, an **R & D Centre** has also been established. Further, for the development of CHARUSAT employees through enriching knowledge, sharpening skills and fostering attitude, a **Human Resource Development Centre** has also been established. The development activities have a capital outlay of Rs. 150 Crores.

CHARUSAT is established with:

Vision

To become a dynamic global Institution in knowledge economy through excellence and impact of teaching, research and social contribution

Mission

To serve the society by striving to transform it through creation, augmentation, dissemination and perpetuation of knowledge

The university strives to achieve its mission through pursuit of education, learning and research at the highest levels of excellence

Continuing the Tradition of High Moral Values

As a University, CHARUSAT is proud to continue practicing the **High Moral Values** carved by Shri Charotar Moti Sattavis Patidar Kelavani Mandal. It works with a commitment to:

- Transparency at all levels as demonstrated through management practices in processes like admission, recruitment, account and purchase
- Accountability for the effective results, placements and preferences in career Integrity amongst its fraternity and society, as seen in the alignment of faculty & staff in their commitments and delivery

- Openness and diversity of thought, experience and culture as planned for a multidisciplinary, multicultural work and environment, and by equal opportunity to all sections of society
- Fairness and equity in all its actions

Kelavani Mandal – The Trust that caused the Development

The seeds of CHARUSAT were sown somewhere in the year 2000 by **Shri Charotar Moti Sattavis Patidar Kelavani Mandal**. Kelavani Mandal is a not for profit organization that solely focuses on imparting education and spreading light of knowledge. Kelavani Mandal started functioning from 1994 after getting registered as a not for profit Education Trust with Charity Commissioner's Office.

It works with the following Vision and Mission:

Vision

To emerge as a foremost not-for-profit organization striving to transform society through leadership in teaching, research, scholarship, and social action

Mission

Social upliftment and transformation through knowledge and education

As its first venture, Kelavani Mandal established Education Campus – Anand in 1995. D Z Patel (Ramlol /London) Higher Secondary School (Science Stream) and Jashkamal – Milcent Management Training Centre (JMTC) are the constituents of it.

To further bring about social transformation, the Trust took up the Changa Campus project. Education Campus

- Changa was founded in 2000 with the establishment of Charotar Institute of Technology (CITC) as the first institute which is now known as **Chandubhai S Patel Institute of Technology (CSPIT)**. The development started only with 240 students, 4 programmes, 1 institute and an investment of Rs. 3 Crores. In the years 2002 and 2004, the Mandal established Charotar Institute

of Computer Applications (CICA) and **Ramanbhai Patel College of Pharmacy** (RPCP) respectively. CICA has been rechristened as **Smt. Chandaben Mohanbhai Patel Institute of Computer Applications** (CMPICA).

Year 2006 saw the commencement of **Indukakalpcowala Institute of Management** (I2IM). Two more institutes **P D Patel Institute of Applied Sciences** (PDPIAS) and **Dr. K C Patel R & D Centre** were established in the year 2007. The year 2009, continuing the growth, witnessed the establishment of **Physiotherapy** and **Nursing** institutes heralding the entry in the field of Healthcare Education. Both the institutes were then rechristened. They are now known as **Ashok and Rita Patel Institute of Physiotherapy** and **Manikaka Topawala Institute of Nursing**. Also to enrich the knowledge, sharpen the skills and inculcate the right attitude in CHARUSAT Staff, **Pri. B I Patel Human Resource Development Centre** has been established in 2012. There also exists, on CHARUSAT Campus, a **Space Research and Technology Centre** fostering research in Space Technology and a **Rural Education Development Programme** launched to give back to the society by dedicating efforts for education amelioration in rural schools.

To foray into healthcare education, Ashok and Rita Patel Institute of Physiotherapy was established in the year 2009. It offers a four and a half year **Bachelor of Physiotherapy (B PT) Program**. The program has an annual intake capacity of 75 seats and is also approved by Indian Association of Physiotherapists. The institute also offers Master of Physiotherapy (M.P.T.) programs in five specializations, namely Musculoskeletal Sciences, Neurological Sciences, Cardiopulmonary Sciences, Rehabilitation, Woman's Health, and Paediatric. **Ph D Program** in Physiotherapy is also offered under the Faculty of Medical Sciences.

The institute also has the patronage of US based technocrat Shri Ashok Patel and his wife Smt. Rita Patel.

Centres @ CHARUSAT

CHARUSAT is established as a research driven socially relevant university. It dedicates its efforts to foster socially relevant research, innovations, industrial interaction and collaborations, and human resource development. To facilitate the same, R&D Centre, HRDC, CSRTC, ICC and CREDP Cell are established.

Dr. K. C. Patel Research and Development Centre

Dr. K C Patel Research and Development Centre was established in January 2007 to carry out R&D work in the emerging areas of science and technology. It undertakes multidisciplinary research along with the activities of scientific and industrial development.

Pri. B I Patel Human Resource Development Centre(HRDC)

Pri. B I Patel Human Resource Development Center (HRDC) is established to cater, in house, the need to have faculty members of excellence for taking CHARUSAT to the status of a World Class University (WCU) in the near future. Primarily, HRDC takes care of employee training and development.

Charusat Space Research and Technology Center(CSRTC)

To initiate and foster research in Space Technology, Charusat Space Research and Technology Center (CSRTC) has been established on 15th June, 2013. It has been established to build a fully functional miniature satellite to encourage the inspiration and expansion in space technology. Management has also allocated an initial fund of Rs. 5 Crore for Student Satellite II project and the development of Space Technology Center.

Charusat is the only university in Gujarat to have Space Technology Center.

International Centre for Cosmology (ICC)

To become premium research centre in the frontier fields of Astrophysics and Cosmology, **International Centre for Cosmology** has been established in July 2018. The Centre strives to work on the continuum of pure to applied theories with the opportunities of innovation spilling over to students of diverse disciplines.

Charusat Rural Education Development Program (CREDP)

Charusat Rural Education Development Program (CREDP) is one of the Education Support initiatives of CHARUSAT. It was launched on September 26, 2013 in the august presence of **Shri Bhupendrasinh Chudasama**, Honorable Minister of Education, Government of Gujarat. It strives for the development of school education in Charotar region and eventually it will be to the state of Gujarat. The program focuses on Strengthening of school infrastructure facilities through guidance in: lab development, library and other knowledge resource

development and deployment of technology and other tools in pedagogy. Primarily, CREDP organizes 1) Training Programs for Students, 2) Training Programs for Teachers, 3) Counseling Programs for Parents and School Management, and 4) Awareness and Motivational Programs.

Academic System

CHARUSAT curriculum and pedagogy correspond with the industry needs and aspire to reach International Standards. It strives to prepare students for diverse and interdependent global competitive world. Academic System at CHARUSAT ensures that academics value the pursuit of excellence in teaching as much as in scholarship and research.

In addition to regular classroom interactions, Industrial Visits, Study Tours, Expert Lectures, Interactive IT enabled Teaching Practice and Continuous Evaluation also form an integral part of innovative pedagogy at CHARUSAT.

Further, all **education programs are semester based**. Learning is based on **Credit System** and evaluation on **Grading System**. A student needs to study sincerely all through the course to get a good **Cumulative Grade Point Average (CGPA)**.

Infrastructure and Facilities Land and Buildings

CHARUSAT has its establishments on 120 acres of land. Various academic facilities and resources are housed in architecturally very well designed 9 institute buildings, a workshop and a Central Administrative Building. They have a built up area of 1.66 lac sq. mtrs.

Internet Access

All staff members and students have free access to Wi-Fi Facility and 900 mbps Internet connectivity. The facility is made accessible round the clock free of cost.

Computer Labs

The computer labs are equipped with more than 2300 computers, high end servers and latest softwares to cater varied needs of all the students.

Other Labs of Prominence

The university houses more than 241 state-of-the-art laboratories. Some of noteworthy, high-end laboratories include: Pharmaceutical Processing Equipment Laboratory, Sophisticated Analytical Instrumentation Laboratory, Sophisticated

Instrumentation Laboratory, Magnetic Measurement Laboratory, Magnetic Fluid Research Laboratory, Data Centre with Cloud Ready Environment, Environment Engineering Laboratory, Manufacturing Technology Laboratory, Surface Engineering Laboratory, Material Testing and Characterization Laboratory, Virtual (Augmented) Reality Laboratory, Dr. S. M. Patel Research & Characterization Laboratory, and CHARUSAT Sophos Information Security Laboratory. All labs are well equipped with hi-tech equipments, which not only cater to UG, PG, and Ph D programs, but are also very useful for testing, consultancy and research.

Knowledge Resource Center

Sports and Recreation

CHARUSAT takes ample care for students, recreation and leisure activities. The focus is on all-round development of the students. There is a huge open sports ground with an area of 19284 sq. m. with another Playground of 10652 sq. m area under planning, a center for indoor games, and a gym. Round the year many activities are organized.

Central Library at CHARUSAT is enriched with around 1 Lac books, 309 Print Journals and 13309 E-journals & magazines and educational softwares. E-resources, databases and journals like: EBSCO, EMERALD, Science Direct, American Institute of Physics, RSC, Journal of Pharmaceutical Sciences & Pharmacological Reviews, Few Journals of Medknow Publication, Springer, APS, Ace Equity, J – Gate and others are also made available to all Free of Cost. All institutes of CHARUSAT have also established their Libraries.

Centrally, there exists National Knowledge Connectivity through INFLIBNET and DELNET. Uniquely, CHARUSAT Institutes have Memberships of IIM-A and AMA.

Other Amenities

To put students at ease, the campus has a reprographycenter and a stationery store. There are food courts – Hari Om Food Plaza, Amul Parlor, Nescafe Parlor, Ice Berg and other Food Zones and Plaza on the campus. The Kaira District Central Co-op Bank Ltd - KDCC Bank, Changa Branch is set up on the Campus. In addition, ATM Centre of AXIS Bank are also put up on the Campus.

Journey Traversed 2020-21

The Year at a Glance

The year 2020 - 21 has been another eventful year for the University. Charusat University aspires to be a world Class University in future. To this end, it synthesizes the holistic development of the students through quality teaching learning activities and strenuously focusing more on practical or hands on experience through internships and projects than domain specific classroom lectures.

It is indeed an honor for me to present before you major events and activities of the university during the year 2020-2021 at a glance. All events and activities, initiatives and accomplishments of the university are presented to brief the readers about the development at CHARUSAT. Activities other than academic support like research initiatives, consultancy and collaborations and MOUs, activities of social concerns and community welfare and aspirations have also been presented in a nutshell. At CHARUSAT, all initiatives, activities and accomplishments are guided and monitored by the apex bodies of the University - Governing body and Board of Management.

Curricular Aspects/New Programmes

During the year, a new **Bachelor Programme – B Tech in Computer Science Engineering (CSE)** has been started at *Chandubhai S Patel Institute of Technology*. It has an annual student intake of 60 and has commenced from academic year 2020-21.

Human Resource

During the year, new faculty members / staff members have been appointed in various faculties of CHARUSAT. The University takes pride to house some of the best and committed minds in the country as the core faculty members, supportive staff and visiting faculty members.

Research, Consultancy and Collaborations

In the journey towards being a World class university, at CHARUSAT, the area of Research has been taken as one of the founding pillars. It has made significant social contribution through knowledge creation, augmentation and dissemination. To boost the research, a Research and Development Center has also been established on the campus.

In the present year, CHARUSAT has, on hand, 36 ongoing **research projects** of more than Rs. 13.6 + crores from funding agencies such as DST/DBT, GUJCOST, UGC, AICTE, DAE, SERI, CSIR, ABB, DNP Industry,

GSBTM and many more projects. During 2020-21, 18 Research Scholars have been conferred the degree of Ph. D. During the year 36 Research projects are ongoing, worth 13.4 crores. And total, 57 books are published. The details of faculty wise event participation, paper and poster presentation are as given below:

Faculty	Event Participation	Paper Publications/ Poster Presentation
Faculty of Technology and Engineering	1110	135
Faculty of Pharmacy	110	34
Faculty of Computer Applications	59	34
Faculty of Management Studies	52	18
Faculty of Applied Sciences	43	68
Faculty of Medical Sciences	154	19
Total	1528	308

Infrastructure, Learning and Research Facilities

The University Campus is spread over 120 acres of lush-green land with modern teaching and learning facilities. The entire campus is Wi-Fi enabled and has 300 mbps round the clock internet connectivity. There are more than 2300 PCs, high-end servers, and latest softwares, with more than 241 laboratories. The Central Library is enriched with around 1 Lac books, 340 Print Journals and 16506 E-journals & magazines and educational databases. Present development at CHARUSAT has capital outlay of Rs. 1500 million.

In order to cope up with the global requirements, all the institutes of CHARUSAT provide the latest facilities for students such as Multi-Media (MM) class rooms (Higher Semesters), Networking of classrooms, with electronic database, MM theatres for conference, well equipped laboratories, to conduct experimental works, well ventilated lecture hall, state of art computer laboratory with latest configuration for giving practical exposure, and there always is special provision of a seminar hall and reading room.

Every year new facilities are created and old ones are maintained regularly. All the labs are well equipped with necessary facilities. The Advanced Power Electronics Lab of the Electronics Engineering Department (CSPIT) was equipped with FACTS controller with STATCOM, SSSC and UPFC operation PQ and Energy Analyser (Fluke) Microcontroller based three phase Induction motor drive HCDV Trainer with 6 pulse converter Dynamic Voltage restorer (DVR), three phase diode clamp and Multilevel Inverter MPPT Boost converter for Solar PV in 2019-20. The Material Testing Laboratory, Surface engineering Laboratory and Material Testing Laboratory of the Department of Mechanical Engineering was equipped with Carl Zeiss Triangular Metallurgical Inverted Microscope for Filed and Dark Field and the Sample Preparation Polishing Machine respectively. A Basic Hydraulic and Pneumatic Training Kit was installed at the FESTO Centre of Excellence in the Department. A hydroclimatology research lab was established in the Department of Civil Engineering. The Department of Electronics and Communication Engineering also equipped Analog to Digital Trainer Kit, AVR ISP Programmer, ATMEGA 32 DIP IC, Waxwing Spartan 6 FPGA Development Board, Beagle bone development board, Raspi and accessories, ST Microelectronics - NUCLEO F&67ZI ARM Board, Flipflop Trainer Kit, Shift Register Trainer Kit, Counter Trainer kit, Power supply in its Embedded Labs, VLSI and EDC labs. All the electronic components were improvised to ensure better output. DEPSTAR established Zspace all in one system in its Virtual reality lab. Further, Router, switch, firewall was installed in the Sophos Lab. Mac PCs were installed in the Mobile application development lab. microcontrollers, sensors, actuators, RFID and communication modules were installed in IOT lab and updated its microcontrollers, sensors, actuators, RFID and communication modules.

The Department of Computer Applications (CMPICA) installed an Auditorium projector in its Research Lab and E-Yantra Laboratory (In Coordination with IIT, Bombay) was also established in the Lab.

The faculty of Pharmacy (RPCP) established Fume Hoods in its Pharmaceutical Chemistry Lab and Biosafety cabinet in the Microbiology lab

The Faculty of Applied Sciences (PDPIAS) established iBright Imaging system FL 1000 (Chemidoc), Electrochemical Workstation (ECW), Bioreactor in its Bhartiben and PR Patel Biological Research Laboratory.

The Faculty of Paramedical Sciences (CIPS) updated its infrastructure through installation of Dry immunochemistry / TOSOH in the Immunology section. Digital slit lamp, Topographer and Auto refracto- keratometer was established in Contact lens / Dispensing lab.

Endowment Chairs

CHARUSAT has an ambitious vision of becoming a Global University. Some of the means adopted by CHARUSAT for the same are:

- Development of its Teachers
- Attracting World Class Faculty
- Fostering Research and innovation
- Imbibing constant innovations in pedagogy
- Benchmarking with best practices of the world
- Networking with exemplary faculty/institute

It's with these aspirations, CHARUSAT has initiated establishment of 12 numbers of Endowment Chair(s). Interest accrued from the endowment fund is used in carrying out academic enriching activities and to promote research and innovation at CHARUSAT.

Annual Report of 2020 – 21

Preamble

In order to cater the globally augmented requirement of training and education in the area of Technology and Engineering, Pharmacy, Computer Sciences, Management and Applied Sciences and Medical Sciences, the different institutes namely Chandubhai S Patel Institute of Technology (CSPIT), Devang Patel Institute of Advance Technology and Research (DPSTAR), Ramanbhai Patel College of Pharmacy (RPCP), Chandaben Mohanbhai Patel Institute of Computer Applications (CMPICA), Indukaka Ipcowala Institute of Management (I²IM), P D Patel Institute of Applied Sciences (PDPIAS), Ashok and Rita Patel Institute of Physiotherapy (ARIP), Manikaka Topawala Institute of Nursing (MTIN), Charotar Institute of Paramedical Sciences (CIPS), have been established – CSPIT, being the first established and DPSTAR being the latest among them.

Vision:

To become a dynamic global institution in a knowledge driven world through excellence in teaching, research and social contributions

Mission:

To serve society by striving to transform it through creation, augmentation, dissemination and perpetuation of knowledge

Teaching – learning Evaluation

Admissions

Admissions to undergraduate Programmes are carried out based on rules decided by Government of Gujarat. According to the same, 75% of seats are filled by ACPC and 25% of seats are filled by institute under Management Quota. This year, due to Covid, 50% of the seats fell under Management Quota.

Admissions to Postgraduate Programmes are based on three criteria: Bachelor Degree, GATE Qualification, and PG Entrance Exam conducted by ACPC.

Similarly, admissions to Doctoral Programmes are based on the following criteria: a) A Post Graduate (Master's) Degree with at least 55% marks or equivalent CGPA and b) Qualified in GATE/CSIR – UGC JRF/NET/SLET/ or equivalent exams of similar level or CHARUSAT Doctoral Entrance Test (CEET). However, final admission is based on an interview conducted by CHARUSAT.

Faculty/Staff Information – Year 2020-21

Regarding Human Resource at CHARUSAT family includes core faculty members, supportive staff and visiting faculty members. Details are:

Details as on 30-06-2021

- Details with yellow background is additional as it includes KRADLE and UG Degree holders

- KRADLE may be added with details of PDPIAS.
- UG may be removed or otherwise.

Evaluation System

The performance of every student in each course for university examination is evaluated as follows. The internal evaluation by the course faculty member/s as based on continuous assessment, for 30% of the marks for the course.

Final examination of the university through written paper or practical examination or oral examination by the student of combination of any two or more of these, for 70% of the marks of the course.

30	MBA	18MBA114	SONI HONEY DHARMESHKUMAR	SHRI DEVANG PATEL (IPCOWALA) GOLD MEDAL

Research projects approved and sponsored by the government agencies during the year 2020-21:

Name of the Scheme/Project/ Endowments/ Chairs	Name of the Principal Investigator/ Co Investigator (if applicable)	Name of the Funding agency	Type (Government/Non-Government)	Department	Funds provided (INR in lakhs)	Duration of the project
Novel Passive Electromagnetic Dampers for Vibration Control of Structures (TAR/2020/000218)	Bhargav Shobhana	DST/SERB	Government	Faculty of Technology and Engineering	18.3	3 years
Design and development of X-band prime focal Reflectarray Antenna	Dr. Amit Patel, Dr. Jitendra Chaudhari, Mr. Alpesh Vala, Mr. Axat Patel	ISRO-Department of Space	Government	Faculty of Technology and Engineering	26.24	2 years
GUJCOST Seminar Grant-"Machine learning The key driver for digital transformation"	Dr. Amit Ganatra	Gujarat Council on Science and Technology (GUJCOST)	Government	Faculty of Technology and Engineering	0.1	1 Month
GUJCOST Seminar Grant-"Frontier of deep learning applications for the future"	Dr. Amit Ganatra	Gujarat Council on Science and Technology (GUJCOST)	Government	Faculty of Technology and Engineering	0.1	1 Month
Recognition of Scientific and Industrial Research Organisations (SIROs)	NA	The Department of Scientific and Industrial Research (DSIR), New Delhi	Government	Faculty of Technology and Engineering	0	3 years
Design and Development of novel 8-Hydroxyquinolinopyridine alkaline scaffold :A potential therapeutic agent	Dr. Ashish Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	1.45	1 year

for' inhibition of SARS COVID-19.						
Development of Polyherbal nutraceutical formulation (PNF) to target COVID-19 and associated disorder sequelae	Alkeshkumar Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.75	1 year
Evolving Standards for FertilityPromoting Indian Medicinal Plant	Manan Raval	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.7	1 year
Synthetic Chitosan carrying antibacterial agents loaded nanoparticles for the enhanced tyreatment of periodontitis	Ms. Payal Chauhan, Dr. Samir Patel and Dr. Rakeshkumar Parmar	GUJCOST	Government	Faculty of Pharmacy	8.08	2 years
Oromuco-Adhesive Vitamin B12 in situ gel (spray) for Extended Release Effect	Dr. Adil Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.35	1 year
Design and Development of novel Imidazo[1,2,a]pyridine derivative as potential anti-Alzheimer agents	Dr. Ashish Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.7	1 year
Experimental study of formulation containing ginger oil and sea buckthorn fruit oil for the treatment of non-alcoholic fatty liver disease.	Dr. Nilay Solanki	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.35	1 year
Formulation development of Agomelatine loaded capsule	Ms. Jagruti prajapati	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.3	1 year
Investigation on potential of Acitretin nano-formulation for improved efficacy against psoriasis	Dr. Jagruti Desai	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.35	1 year

Study of novel antimicrobial hydrogel composition of Methylcellulose for its performance and activity in diabetic cutaneous wounds in an experimental rodent model	Dr. Gayatri Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.9	1 year
Development of a novel topical gel-based on tea tree oil microemulsion for the delivery of an antifungal agent.	Dr. Mrunali Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.7	1 year
Identification of herbal powder through Artificial Intelligence assisted microscopic method	Dr. Niraj Vyas	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.15	1 year
Nanoemulsion based gel as a novel topical drug delivery system for antimicrobial agent	Dr. Rashmin Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.7	1 year
Novel Adapalene loaded microemulsion gel for targeted dermal delivery	Ms. Richa Dave	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.6	1 year
Deep-Learning based modeling for powder-mixture uniformity detection	Dr. Swayamprakash Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.5	1 year
Design, Synthesis and Biological Evaluation of Chalcone derivatives as an Aromatase Inhibitors	Dr. Umang shah	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.95	1 year
Preparation Standardisation and biological evaluation of nutritionally enriched jam made from prickly pear fruit for the Treatment of Blood Disorders	Dr. Samir Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.8	1 year
Pharmacological evaluation of Herbals and Cytotoxic agent to improve Colorectal cancer therapeutics	Mr. Alkesh Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.55	1 year

Gel Based Stick for skin treatment	Dr. Amit Patel	Student Startup & Innovation Policy, Government of Gujarat	Government	Faculty of Pharmacy	0.3	1 year
Recognition of Scientific and Industrial Research Organisations (SIROs)	NA	The Department of Scientific and Industrial Research (DSIR), New Delhi	Government	Faculty of Pharmacy	0	3 years
Recognition of Scientific and Industrial Research Organisations (SIROs)	NA	The Department of Scientific and Industrial Research (DSIR), New Delhi	Government	Faculty of Computer Science and Applications	0	3 years
Recognition of Scientific and Industrial Research Organisations (SIROs)	NA	The Department of Scientific and Industrial Research (DSIR), New Delhi	Government	Faculty of Management Studies	0	3 years
To evaluate the in-vitro hyperthermic effects of magnetic fluid on cancer cells	Dr. Neeraj Jain/Dr. Kinnari Parekh	ICMR, New Delhi	Government	Faculty of Sciences	14.28813	3 years
GIS-based mapping of microbial diversity across the Ganges for Ecosystem services	Dr. Datta Madamwar	National Mission for Clean Ganga (NMCG), Ministry of Jal Shakti, Department of Water Resources, River Development & Ganga Rejuvenation, New Delhi	Government	Faculty of Sciences	39.9	2 years
Financial sanction under Teachers Associateship For Research Excellence (TARE)- "Exploration of MOF as an efficient heterogenous catalyst for chemical fixation of C)2 to value added chemicals"	Dr. Abhishek Dadhania	SERB, DST, New Delhi	Government	Faculty of Sciences	18.3	3 years
Recognition of Scientific and Industrial Research Organisations (SIROs)	NA	The Department of Scientific and Industrial Research (DSIR), New Delhi	Government	Faculty of Sciences	-	3 years

Research papers Published

CHARUSAT emphasizes on quality research and the students and faculty members are motivated and supported to work towards excellence by encouraging the faculty members to publish their papers in Scopus or Web of Science journals. The same is reflected in the research papers published. The total number of research papers published in journals are 255 respectively. Following are the details of some of the papers published.

No.	Title Of Paper	Name Of The Author/S	Department Of The Teacher	Name Of Journal	ISSN Number	Is It Listed In UGC Care List/Scopus/ Web Of Science /Other, Mention
1	Use Of Hexyl Alcohol As A Fuel Additive In Four Stroke Single Cylinder Diesel Engine	Bhavin Hareshkumar Mehta, Gaurang Arvindbhai Patel, Abhishek Swarnkar	Faculty Of Technology & Engineering	International Journal Of Advanced Science And Technology	2207-6360	Scopus
2	Investigation On The Effect Of Stirring Process Parameters On The Dispersion Of Sic Particles Inside Melting Crucible	Vishal Rajendrabhai Mehta, Mayurkumar Pravinchandra Sutaria	Faculty Of Technology & Engineering	Metals And Materials International	1598-9623	Scopus, Web Of Science
3	Molybdenum And Its Oxide-Based Coatings: A Review	Kamlesh V Chauhan	Faculty Of Technology & Engineering	International Journal Of Ambient Energy	2162-8246	Scopus, Web Of Science
4	Tensile Strength Prediction Of Natural Fiber And Natural Fiber Yarn: Strain Rate Variation Upshot	Sagar Ramchandra Chokshi, Vijaykumar Premjibhai Chaudhary	Faculty Of Technology & Engineering	Materials Today: Proceedings	2214-7853	Scopus
5	Performance Enhancement Of MR Brake Using Flake-Shaped Iron-Particle-Based Magnetorheological Fluid	Dr.R V Upadhyay, Dipalkumar M Patel	Faculty Of Technology & Engineering	Journal Of Testing And Evaluation	1945-7553	Scopus, Web Of Science
6	Influence Of Al-3Ti-0.15C And Ce On Microstructure And Tensile Properties Of Al-Si-Cu 319 Alloy	Mayur Sutaria	Faculty Of Technology & Engineering	Iop Conference Series: Materials Science And Engineering	1757-899X	Scopus
7	Influence Of Boric Anhydride Reinforcement On Mechanical Properties And	Randhwara Kawaljitsingh Mansingh, Ashwinkumar Dhulabhai Patel	Faculty Of Technology & Engineering	Materials Research Express	2053-1591	Scopus, Web Of Science

	Abrasive Wear Of Nylon 6					
8	EXPERIMENTAL INVESTIGATION ON PUNCHING OF BASALT FIBRE REINFORCEMENT COMPOSITE	Kundan Mohanbhai Patel, Vijaykumar Premjibhai Chaudhary	Faculty Of Technology & Engineering	Journal Of Critical Reviews	2394-5125	Scopus
9	Experimental Studies On Vapour Compression Refrigeration System Using Al ₂ O ₃ /Mineral Oil Nano- Lubricant	Dattatraya Ganpatrao Subhedar	Faculty Of Technology & Engineering	Australian Journal Of Mechanical Engineering	1448-4846	Scopus, Web Of Science
10	Investigations On Drilling Of Hybrid Basalt/Glass Polyester Composites	Kundan Mohanbhai Patel, Vijaykumar Premjibhai Chaudhary	Faculty Of Technology & Engineering	Australian Journal Of Mechanical Engineering	1448-4846	Scopus, Web Of Science
11	Life-Cycle Evaluation Of Anisotropic Particle-Based Magnetorheological Fluid In MR Brake Performance	Dipalkumar M Patel	Faculty Of Technology & Engineering	Brazilian Journal Of Physics	0103-9733	Scopus, Web Of Science
12	Ultrasonic Augmentation In Pool Boiling Heat Transfer Over External Surfaces: A Review	Abhishek Swarnkar	Faculty Of Technology & Engineering	Proceedings Of The Institution Of Mechanical Engineers, Part C: Journal Of Mechanical Engineering Science	2041-2983	Scopus, Web Of Science
13	A Review Paper On Wettability Properties Of Titanium And Its Oxide-Based Coatings	Kamlesh V Chauhan	Faculty Of Technology & Engineering	Materials Performance And Characterization	2165-3992	Scopus, Web Of Science
14	Influence Of The Heat Treatment On The Surface Bioactivity Of Investment Cast SS 316L	Mayur P. Sutaria	Faculty Of Technology & Engineering	Materials Today: Proceedings	2214-7853	Scopus
15	Investigation On Influence Of The Cast Part Thickness On Interfacial Mold-Metal Reactions During The Investment Casting Of AZ91 Magnesium Alloy	Akash Vishnuprasad Vyas, Mayurkumar Pravinchandra Sutaria	Faculty Of Technology & Engineering	International Journal Of Metalcasting	2163-3193	Scopus, Web Of Science

16	Enhancing Tribomechanical Properties & Thermal Stability Of PA6 By H-BN Fillers	Randhawa Kawaljitsingh Mansingh, Ashwinkumar Dhulabhai Patel	Faculty Of Technology & Engineering	E-Polymers	1618-7229	Scopus, Web Of Science
17	Wettability Studies Of Titanium And Its Oxide-Based Coatings	Kamlesh V Chauhan	Faculty Of Technology & Engineering	Materials Performance And Characterization	2165-3992	Scopus, Web Of Science
18	Comparative Evaluation Of Ex Situ And In Situ Method Of Fabricating Aluminum/Tib ₂ Composites	Mayur P. Sutaria	Faculty Of Technology & Engineering	International Journal Of Metal Casting	2163-3193	Scopus, Web Of Science
19	Chemical Composition And Mechanical Properties Of Natural Fibers	Sagar Ramchandra Chokshi, Vijaykumar Premjibhai Chaudhary	Faculty Of Technology & Engineering	Journal Of Natural Fibers	1544-0478	Scopus, Web Of Science
20	Investigation On Reactions At Corners Of Cast Part During Investment Casting Of Reactive AZ91 Magnesium Alloy	Akash V. Vyas, Mayur P. Sutaria	Faculty Of Technology & Engineering	Archives Of Foundry Engineering	2299-2944	Scopus, Web Of Science
21	Evaluation Of Response Reduction Factor Of RCC Framed Structure Having An Arched Beam	Vijaykumar Ramanlal Panchal	Faculty Of Technology & Engineering	Adbu Journal Of Engineering Technology	2348-7305	UGC Care
22	An Efficient Image Fusion Of Visible And Infrared Band Images Using Integration Of Anisotropic Diffusion And Discrete Wavelet Transform	Panchotiya Binal,Dippal Israni, Ritesh Pravinbhai Patel	Faculty Of Technology & Engineering	Journal Of Communications Software And Systems	1846-6079	Scopus, Web Of Science
23	Identifying Malicious Botnet Traffic Through Active Monitoring Approach	Sneha Ashvinkumar Padhiar, Ritesh Pravinbhai Patel	Faculty Of Technology & Engineering	International Journal Of Advanced Science And Technology	2207-6360	Scopus
24	Uplifting Blockchain Technology For Data Provenance In Supply Chain	Martin Kantilal Parmar ,Parth Dilipkumar Shah	Faculty Of Technology & Engineering	International Journal Of Advanced Science And Technology	2207-6360	Scopus

25	Data Provenance And Data Lineage In The Cloud: A Survey	Patel Sachin Hiteshbhai , Mrugendrasinh Laxmansinh Rahevar , Martin Kantilal Parmar	Faculty Of Technology & Engineering	International Journal Of Advanced Science And Technology	2005-4238	Scopus
26	Comparative Study On Abstractive Techniques For Text Summarization	Desai Jay Jagdevbhai ,Italiya Nimeshkumar Rajeshbhai , Ghodasara Aadarshkumar Hareshbhai , Khandpur Vishvesh Rajin,Mrugendrasinh Laxmansinh Rahevar	Faculty Of Technology & Engineering	International Journal Of Advanced Science And Technology	2005-4238	Scopus

Infrastructure and Major Learning and Research Facilities

All the institutes of CHARUSAT provide the latest facilities for students such as Multi-Media (MM) class rooms (Higher Semesters), Networking of classrooms, with electronic database, MM theatres for conference, well equipped laboratories, to conduct experimental works, well ventilated lecture hall, state of art computer laboratory with latest configuration for giving practical exposure, and there always is special provision of a seminar hall and reading room.

Institution	Name of the facility	Name of the Laboratory (if applicable)
CSPT		
Electrical Engineering	FACTS controller with STATCOM, SSSC and UPFC operation	Advanced Power Electronics
	PQ and Energy Analyser (Fluke)	Advanced Power Electronics
	Microcontroller based Three phase Induction motor drive	Advanced Power Electronics
	HCDV Trainer with 6 pulse converter	Advanced Power Electronics
	Dynamic Voltage restorer (DVR)	Advanced Power Electronics
